## AN-85 MORTAR MIXER

Reference 1176

### DESCRIPTION

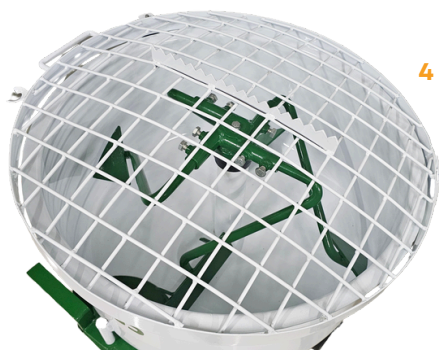

Designed to provide maximum productivity in mixing mortars and grouts, the Nauber AN-85 is the ideal choice for professionals seeking performance and quality.

With a capacity of up to 85 kg of material, its robust drum combined with spatula-shaped paddles ensures more efficient homogenization, preventing waste and making the most of each mixture.

Its paddle system was developed to scrape the bottom and sides of the drum, ensuring a uniform and high-performance mix. The reinforced structure, transport wheels, and protective grid with bag breaker make operation practical, safe and functional.

### FEATURES

- Capacity of 85 kg of material;
- Spatula-shaped blades that ensure better utilization and homogenization;
- Protective grid with bag ripper;
- Security sensor
- Easier mobility with reinforced wheels;
- Robust construction, ideal for continuous use on construction sites.

4 SPATULA-SHAPED  
BLADES

WITH SAFETY SENSOR

	HEIGHT	LENGTH	WIDTH
PACKAGING MEASUREMENTS	120cm	75cm	92cm

### INDICATIONS FOR USE

Mortars for laying and coating, plastering compounds, leveling compounds, mortar for bonding EPS (styrofoam), coarse and fine textures, compounds for spray painting, grouts and cement-based products. Ideal for small to large-scale projects, renovations, construction companies and professionals seeking speed and homogeneity in their mixtures.

ADDITIONAL DATA	
ENGINE POWER	1.5cv
RESERVOIR CAPACITY	85kg
NET WEIGHT	100,5kg
VOLTAGE	220V 50/60Hz
GENERATOR/TRANSFORMER	3kVA

Assembled in  
Brazil
