ROTO-9X GIRAFFE ROTO-ORBITAL SANDER

Reference 4811

DESCRIPTION

Nauber ROTO-9x Brushless Roto-Orbital Sander for ceilings and walls. Designed to offer superior finish and high efficiency, the ROTO-9x features a 400W brushless motor, ensuring durability, low maintenance, and consistent performance.

The 225mm multi-hole base plate, combined with the structure and internal channels, was developed to optimize the extraction of debris by the external vacuum cleaner, eliminating the need for side brushes and providing an impeccable finish with minimal effort, while also keeping the environment clean.

FEATURES

Roto-orbital system, providing uniform and efficient sanding.

Optimized suction design, developed for use with an external vacuum cleaner.

Multi-hole pad that enhances dust extraction and increases sandpaper performance.

Without side bristles, greater suction efficiency and a higher quality finish.

Brushless motor (without carbon brushes), longer lifespan and greater reliability.

Super flexible hose with a reach of up to 4 m.

Carrying bag and storage.

220V / 50-60Hz equipment.

INDICATIONS FOR USE

Ideal for sanding joint compound, acrylic filler, plaster, masonry, wood, cementitious and finishing compounds.
